GITHUB.COM/CRAIGFOUTS

I am an enthusiastic **scientist/engineer** interested in building mathematical descriptions of living systems and studying the dynamics of emergent behavior in the context of biomedical data.

## EDUCATION

### Columbia University | MSc

**Applied Mathematics** 2022 – 2023

Completed a *graduate research internship* in the Tech Innovation Lab at the New York Genome Center.

### The Ohio State University | BSc

**Computer Science & Mathematics** 2018 – 2022

Received *honors research distinction* for research and publication in collaboration with Google Research.

## EXPERIENCE

### Uppsala University | Department of Immunology, Genetics, and Pathology

**Computational Research Engineer**

Oct 2024 –

Developing a nonparametric topic model called PriorLDA that identifies anatomical structures and pathologies in single-cell datasets based on gene expression profile and spatial distribution. Using a mixture-of-finite-mixtures approach, the model estimates the number of spatially relevant topics for semantic segmentation.

### New York Genome Center | Technology Innovation Laboratory

**Associate Computational Biologist II**

Feb 2024 – Sep 2024

**Graduate Research Assistant**

Sep 2022 – Dec 2023

Developed a probabilistic dimensionality reduction model called sceLDA that clusters anatomical structures in histological spinal cord datasets based on cell type composition and spatial distribution. The model is part of a spatial transcriptomics pipeline that repurposes Illumina HiSeq 2500s as accessible imaging platforms.

### The Ohio State University | Translational Data Analytics Institute

**Student Research Assistant**

Aug 2021 – Sep 2022

Developed a computational pipeline for aggregating and analyzing multimodal data collected from environmental sensors used to study the effects of aircraft combustion engines in urban neighborhoods. The pipeline uses dynamic time warping to align several data streams based on location and ambient wind conditions.

## ACCOLADES

### Honors

**The Ohio State University:** Magna Cum Laude | Honors Research Distinction

2022

**Granville High School:** Cum Laude Society | National Honor Society | Sociedad Honoraria Hispánica

2017

**Scouting America:** Eagle Scout

2016

### Competitions

**HackOHI/O Hackathon:** 1st Place Grand Prize | Microsoft Challenge Winner | People's Choice Award

2021

**Ohio State FEH Honors Robotics Competition:** 2nd Place Outstanding Achievement in Innovation

2019

**OMEA Solo & Ensemble:** Rank 1 Class A Violin Solo Performance

2016 & 2017

---

## COURSEWORK

---

### Columbia University

Applied Statistics III (A), Machine Learning for Functional Genomics (A), Advanced Linear Algebra (A+) **2023**  
Numerical Algebra & Optimization (A), Partial Differential Equations (A-) **2022**

### The Ohio State University

Discrete Mathematical Models (A), Quantitative Neuroscience (A), Computer Networking (A) **2022**  
Mathematical Statistics II (A), Advanced Artificial Intelligence (A), Programming Languages (A) **2021**  
Data Structures & Algorithms (A), Experimental Physics (A), Intermediate Mechanics (A-) **2020**  
Ordinary Differential Equations (A), Honors Physics Electricity & Magnetism (A) **2019**  
Honors Real Analysis (A), Honors Psychology (A) **2018**

---
